

School Opening Next Monday

FIVE CHANGES IN TEACHERS FORCE

School bells will not chime in Grayling—there are no bells to chime—but nevertheless the doors will swing open next Monday as the youth of Grayling go back to face the nine and a half months that make up the school year.

The activity for both the high school and grades opens at 8:30. The high school will assemble in the study hall to receive seat assignments and necessary instructions. The advance enrollment of last June has been thoroughly checked and the class rolls made up. No one not enrolled can be admitted to classes until they have officially been entered. Classes will meet full time on Tuesday, the balance of Monday being used for purchase of supplies and final adjustment of problems as to classification and enrollment. The stock room will be open throughout the day.

The grades will meet at 8:30 also in their new rooms, and will return at 1:00 again. They also will be given an opportunity to purchase supplies at the stock room. Organization of the teacher routine will be fitted into an already busy day. Immediate starting of class-room work and elimination of confusion is the objective.

It is easy to open the doors of the school, but a lot of preparation must go on previously. The building has been made shipshape and clean. Supplies have been unpacked and checked. Schedules have been arranged, each student's program gone over. And in addition there is the highly important matter of the faculty, which brings into every community its largest organization of college trained people. Five changes have been made in the local staff, with seventeen members on hand to open, the same as last year. Great care has been exercised in the selection made for the local system—care as to personality and preparation and experience. It is the hope of those in charge of the Grayling schools that a high standard may be maintained for the benefit of the boys and girls for whom the whole system of public education is maintained.

First grade—Miss Marie Cook, Alpena.
1st and 2nd grades—Miss Cora Lewis, Gaylord.
2nd grade—Miss Margaret Fyvie, Helmer.
3rd grade—Miss Ina Conboy, Cheboygan.
4th grade—Miss Frances Hewens, Tipton.
5th grade—Miss Margaret Douglas, Lovell.
6th grade—Miss Margaret Gooden, Big Rapids.
Ungraded room (3rd, 4th, 5th)—Miss Cecelia Faler, Gladwin.
Junior High and Music—Miss Shirley McNoven, Bay City.
Commercial—Miss Beatrice Freeman, Gaytown.
Foreign Language—Miss

English—Miss Norma Perry, Indian River.
Science—Miss Frank Ross, Gaytown.

Physical Education—Mr. Willard Cornell, Harbor Springs.
Principal—Gerald Fox, Grayling.

Superintendent R. E. Burns is on a six months leave of absence during which time his work is being looked after by Mr. Fox.

Only Two Parties Hold Primaries

Despite the fact that there are nine duly qualified political parties in Michigan, only two of them will be represented at the primary election Sept. 11.

The state law provides for primary elections only for parties which poll more than two per cent of the total vote cast for electors of state at the last general election. Under this provision, the primary balloting will be confined to the Republican and Democratic parties.

Other parties wishing to be represented on the ballot at the general election Nov. 6 must select their candidates by caucus or convention and must certify the names of their candidates with the secretary of state at least 25 days prior to election.

At least four parties will be on the November ballot as the department has been notified by officials of the Socialist and Farmer-Labor parties that they will have candidates for state and congressional offices. One or two other parties may secure places on the ballot with partially-filled tickets, it is believed.

OFFICERS ENJOY GOLF TOURNAMENT

A golf tournament for officers of the Fourth Forestry District was held at the Houghton Heights course last Thursday, promoted by Capt. Niemi of the Houghton Lake camp and Lieut. Tannery of Plover, was participated in by twelve players.

Eight qualified to have their names placed in the hat for drawing of prizes. Lieut. J. S. Tannery won first prize, which was \$1.50; Capt. Todd drew second which was 75 cents; and Mr. Cornwell, an invited guest, third, won 50 cents. Others to qualify were Capt. Niemi, Lt. Marker, Lt. Miller, Lt. DeClerke, and Lt. Cox.

Following the tournament the group enjoyed dinner at the Tanager Inn at The Heights.

Blackbird Digs Methodically

The blackbird, according to an English publication, is the only bird which will dig methodically in search of food. Instead of turning over a leaf here and there, this bird will persist in one small area until every possible chance of discovering food has been explored. Not until then does it seek a new pile of leaves or scrap heap to explore.

Council Employs Civil Engineer

At the regular meeting of the Village council Tuesday night, consideration was given the matter of employing the services of an engineer and full-time employee to assist in village matters. The application of C. A. Miller of Saginaw for such a position had been filed and his proposal later presented to the members of the council and was accepted for a period of six months. Mr. Miller will move his family here soon.

Mr. Miller attended school in Marshall and the U. of M. where he graduated in 1924 with the degree of Bachelor of Science in Engineering. He practiced surveying and structural engineering for several years and is a registered civil engineer in Michigan. He served 9 years as engineer with the State Highway Department as structural designer for bridge construction.

Since last fall he has been employed by the Midland County Road Commission on miscellaneous survey, mapping and construction work. Most of this summer was spent in municipal improvement work in the City of Midland.

Mr. Miller comes well recommended and no doubt will be of valuable service to Grayling, especially during the time that our new waterworks system is under construction. In his family are himself and wife and two children.

CO. 661 TO STAGE BOXING SHOW AT MIO

All plans have been completed for the boxing show which is to be staged by CCC Co. 661 at MIO on Friday night, September 14. The bouts will take place in the new log Community Hall and will start promptly at 8:30.

There will be 8 three-round fights between seasoned, matched amateur fighters from CCC camps in this vicinity. Plenty of excitement is assured.

The judges and referee have been selected and their names along with the fight card will be announced in the next issue of this paper. Music for dancing after the fights will be furnished by Whitney's Orchestra of Mio. Admission will be 50 cents.

JUSTICE COURT NEWS

Drunkennes seems to be the principal offense brought before Justice court during the past week. Last Friday Willard Harwood was found guilty before Justice Peterson on a charge of drunkenness. He paid a fine of \$10.00 and 30 days.

George O'Connell paid a fine of \$10.00 and 30 days for being drunk. He was placed upon six months probation upon payment of the fine and probation, and in default of payment he is to be held for 30 days. He paid the fine and was discharged.

CCC CHAPLAINS HOLD MEETING

Chaplains of the various C.C.C. Forestry Districts of Michigan met at Camp Higgins Lake near Roscommon, August 28 and 29 with Major Milton D. Beebe, chief of chaplains, as the sixth corps.

Lt. Col. E. M. Lyons, district commander of the Fifth Forestry District, addressed the opening session on "What I Expect of My Chaplain." Capt. Thomas J. Betts, head of the Fourth District, spoke on "The Chaplain and the C.C.C." Capt. George E. Murphy, company commander of 675, welcomed the gathering.

In the afternoon session of the first day, Virgil P. Hulce of the Third Forestry District spoke on "The Chaplain as a Religious Leader." Chaplain Joseph C. Stiles of the Sixth District, and Chaplain His Preaching Message.

Chaplain David W. Barclay of the Second District opened the second day's sessions with a talk entitled "The Chaplain as Counselor, Friend and Guide." Chaplain Louis J. Paquette of the Fifth District followed with "The Chaplain and the Recreational Program."

In the closing session Chaplain Edwin W. Todd of the Fourth District talked on "The Chaplain as Pastor." A general discussion followed on special problems of chaplains on duty with the C.C.C., such as civilian contacts, equipment, extra professional duties, military discipline, promoting attendance, transportation, morale, and denominational worship. Chaplain Beebe gave the closing talk on "Some Qualities Essential to the Successful Chaplain."

Dr. Ebbinger of East Tawas, a civilian pastor doing C.C.C. work, also attended the meetings. Several of those attending this conference went to Grayling the evening of the second day's session to attend a dinner dance promoted for officers, camp superintendents and educational advisers of the Fourth Forestry District. The meeting was one of splendid inspiration to the chaplains and an exchange of ideas was found very helpful.

FARMERS HOLD SEVENTH ANNUAL PICNIC

About two hundred people gathered in the Beaver Creek town hall Sunday to celebrate the Seventh Annual Farmers picnic. A delicious pot luck lunch was enjoyed after which the business meeting was held with the following officers elected for the ensuing year:

Axel Peterson—President.
Theodore Wheeler—Secretary.
Chris King—Treasurer.
George Annis, who had been president since the Association began, refused reelection, but he was congratulated by the members on his successful leadership in the past.

Lionel McClain, Roscoe Hanson, George Annis and Don Reynolds furnished music for dancing from 2:30 until 2:45. There were about thirty one-time residents who were present.

WORLD FAIR ENDS OCT. 31 THIS YEAR

Many Unusual Gala Events Planned for Last Two Months.

Chicago (Special).—With the announcement that Chicago's new World's Fair, A Century of Progress Exposition, closes its gates forever on October 31st, and the advent of cool September weather, attendance figures at the exposition are steadily soaring to make new records for all American fairs. More than 3,000,000 persons have paid admissions this year, which brings the total for the two years showing to date in excess of \$1,000,000.

The management of the Fair has accomplished the purpose desired by President Roosevelt when he requested that the fair operate a second year so that those who could not come last year would be given an opportunity to see it in 1934. This year and with two months of operation left, all activity is being directed to the staging of spectacular special events and shows which will close the exposition in a blaze of glory.

With all indications pointing to the probability that the attendance in September and October will outstrip the combined totals of the first three months of the Fair, exhibitors, concessionaires and the exposition itself are extending every effort to amuse and entertain the huge throngs that daily fill the magic streets of the fair, to an extent even greater than before.

Fair to Close Oct. 31.

In making the announcement that the Fair will have accomplished its aim by closing date, and therefore would not reopen, President Rufus U. Dawes said:

"A Century of Progress in its present form will not be in existence next year. If the Fair or any part of it is to be maintained—it would have to be by outside sources. The Fair is under contract to the Chicago park board to demolish all buildings the board names, and the board also has the right to name any buildings which it wishes to retain and maintain."

"If you want to see Chicago's great Century of Progress Exposition you must come this summer or fall—it will not be here next year. Come and we shall do our best to make your visit pleasant, interesting and profitable."

With the closing wreckers will come in and the enchanted city whose streets transported visitors into the mysterious realms of scientific research, art, music, industry, light, color, entertainment, education and commerce will come down. Officials, however, carefully pointed out that demolition will not begin until after the closing on October 31st. All exhibits and concessions will remain intact until that time.

Big Times for Two Months.

The fantastic buildings will be leveled. The Street of Villages with its fifteen perfect reproductions of as many foreign lands will be no more. The largest and most beautiful fountain will no longer throw its scintillating spray skyward. The gay cafes will not echo the laughter of happy people. The famed Avenue of Flags will be stripped and the greatest and most beautiful of all major expositions will be history.

It had been currently rumored that the Fair would remain as a permanent Chicago attraction; that each year henceforth it would reopen on the lake front. Now that people have realized that this is their last opportunity to see it, attendance totals have increased by leaps and bounds. The great free attractions are constantly choked with people. The twin symphony orchestras, the huge lagoon theater with its water carnivals and circus, the cage of tigers, the roads of the world and the multitude of other free shows are playing to capacity crowds.

The final two months of the Fair will see the greatest collection of talent, specialties and amusements ever seen anywhere. All existing entertainment will be expanded and new attractions added to the daily programs. Events appealing to every class of person have been scheduled at a cost of thousands of dollars. Railroads and bus lines have agreed to maintain the same low travel rates while Chicago hotels and tourist camps will accommodate travelers to Chicago in comfort and ease at the fixed low prices now prevailing.

BIDS WANTED

Bids for furnishing 40 tons of cement and for the Crawford County Infirmary, will be received up to Sept. 9, 1934. Right reserved to reject any or all bids. Daley Barnett, Sec'y., Co. Proc. Commission.

FORD V-8 EXHIBIT HERE

The Ford Motor Company's famous Ford V-8 exhibit, with its many instructive and entertaining displays, will arrive in Grayling, on Sept. 15, for a showing at the Burke Ford Sales, it was announced today by George Burke, local Ford dealer. Plans at once were started for a complete program of entertainment and special exhibitions during the showing here.

"I hope that everyone who is interested in learning how an automobile is constructed will attend the exhibit during its stay here," said Mr. Burke. "We consider the showing one of exceptional value to those who own, or plan to purchase, an automobile. All who care to come to the exhibit will find it entertaining and educational. There is no charge for admission."

South Branch Boy Kills Self By Accident

Charles Floeter, age 16 years, son of William J. Floeter of South Branch township was found dead yesterday afternoon in the woods in the rear of his father's farm home with a gun wound in his left side above the thigh.

The boy had not been seen since Tuesday morning, but the family was not alarmed, for they thought he had gone to school as usual.

When he did not return home Tuesday night decided that he had probably stayed with some friend in Roscommon, as the distance to walk is 7 1/2 miles to school. About 4:00 o'clock yesterday afternoon, Ernest Sebring, a neighbor, who was helping Mr. Floeter with some work came across his body in the woods. It was found about 250 feet from the farmhouse in a clump of bushes and old wire over which he must have been climbing when the 12-gauge shotgun which was found near him must have accidentally discharged.

While doing his chores Tuesday morning he had evidently seen some woodchucks and had gone back to the house and got his gun, as a couple of dead woodchucks lie nearby. It was thought he had been dead about 48 hours when found.

Surviving besides the father are three brothers and two sisters, William, Harold, Grace, Edith and Edwin, all at home. The mother passed away about 6 years ago. This is a very sad occurrence and Mr. Floeter and family have the sympathy of all in their misfortune.

Duck Hunting Season Oct. 3 To Nov. 11

If the final recommendations of the Bureau of Biological Survey are accepted by President Roosevelt, Michigan hunters will have to observe a staggered 30-day open season on migratory waterfowl beginning in both peninsulas on Oct. 3 and ending Nov. 11 with no lawful hunting of waterfowl on Mondays and Tuesdays during this period.

This is the latest word received by the State Department of Conservation from the Bureau of Biological Survey at Washington.

The recommendation of the Michigan Conservation Commission, which had been submitted to Washington after careful deliberation, was for a continuous 30-day open season beginning Oct. 1 in the upper peninsula and Oct. 15 in the lower peninsula.

According to a message received from J. N. Darling, chief of the Biological Survey, the Commission's recommendations were not accepted, the federal bureau instructing the Department to establish the staggered day plan with Wednesdays, Thursdays, Fridays, Saturdays and Sundays of each week from Oct. 3 to Nov. 11 open to waterfowl hunting.

FIRST OLD AGE PENSION PAID IN COUNTY

Mrs. Ruth N. Dale, age 75 years, residing in the vicinity of Eldorado was the first person to receive an old age pension of those who made application in Crawford county. Two others have also received theirs recently. The amount of money that was paid by Crawford County in the head-tax is being returned to the aged here, and the amount would have been larger if more people had paid the tax. The head tax is still due and payable at the office of the County treasurer.

THURSDAY, SEPTEMBER 6, 1934
 DUNHAM-LIBCKE

A wedding of pretty appointments took place Saturday evening at 8 o'clock at the home of Mr. and Mrs. Frank Libcke at Gaylord, when their son Henry H. Libcke, and Miss Ardith Lucille Dunham, eldest daughter of Mr. and Mrs. S. D. Dunham of this city were united in marriage by the Rev. Oswald Priest, pastor of the First Congregational church there.

Mr. George Shook of Gaylord acted as best man, and Miss Elma Mae Sorenson, as bridesmaid. At the strains of the wedding march played by Mrs. Francis Lake, sister of the groom, the wedding party proceeded down the winding stairway. First, the ushers, Mr. Robert Libcke, and Mr. Wesley Dunham, next groom and best man, then the bride accompanied by her father, who presented her to the groom. The bridesmaid followed.

A delicious lunch was served immediately afterward, after which the happy young couple left for a cottage at Otsego Lake, remaining there until Thursday when they will go to Chicago to visit the World's Fair. Returning they will reside in Gaylord where Mr. Libcke is employed at the Gaylord printing office.

Mrs. Libcke was a graduate of last year's graduating class. The young couple have the congratulations and best wishes of hosts of friends.

MORE electricity for more people at lower rates is the aim of the federal power commission in a national survey which has just been started. According to Basil Manley, vice chairman of the commission, the survey will enable that body to compile and submit to the next congress the "most comprehensive and authentic exhibition of our power resources and possibilities ever made in this or any other country." To obtain the data required the commission has sent a questionnaire to every private and municipally owned power plant in the land.

"Determining the nation's power requirements and how they can be most economically and advantageously supplied is the primary purpose," Mr. Manley explained. "Markets must be considered, as well as power sites that can be developed at reasonable cost, either by governmental enterprises or private capital."

"One purpose is to establish and maintain that balance between steam and hydro-electric power which will give America the most dependable source of energy at the lowest possible rates."

The survey will include individual reports on all existing generating plants; maps showing location of plants, reservoirs, transmission lines, and substations; locations of proposed hydro-electric plants, operating expenses, and the like.

You will be interested in hearing Frank D. Fitzgerald over station WJR Friday night, beginning at 9:00 o'clock. Tune in at that hour and hear what he has to say to the voters. Indications point to a large Fitzgerald vote in the primary election next Tuesday for the office of governor.

Andrew Barber, of Beaver Creek left Saturday for a two weeks visit at the Century of Progress in Chicago, a reward for receiving the highest marks in the State eighth grade examination for Crawford county. The boy makes his home with his grandparents, Mr. and Mrs. Andrew Charley.

The opening of bids for construction and materials for the new waterworks system brot in an influx of salesmen and contractors Wednesday. Bids were opened at 8:00 o'clock last night but no awards will be made until all have been tabulated and studied. In all 42 bids were filed. Next Monday night the awards will be made.

When a politician from Detroit comes here and campaigns against Senator Ben Carpenter, it looks as the Wayne county lobbyists hadn't been able to handle him and desired a change. And this makes it all the more reason why we should keep Mr. Carpenter right on the job. He is fair to his home district and fair to Wayne county too but does not intend to let Detroit lobbyists run him. Fine work, Ben; don't let them get away with it.

Some 75 motorcyclists on an endurance trip from Lansing to Grayling stopped at Shoppensons Inn over Sunday night crowding that hostelry together with its annex to its capacity. Many of them were accompanied by their wives or sweethearts on the trip. They left Lansing at 6:00 o'clock Sunday morning and instead of using the travelled highways they made the entire trip on trails, roads and by-ways and the first ones began to arrive at 3:30 o'clock and others as late as 9:00 o'clock.

Mrs. C. J. Green entertained twenty-eight children at the Peterson cottage at Lake Margrethe Monday in honor of her daughter Anna May, who was five years old. The afternoon was spent in contests, prizes being awarded to Jane Milnes, Nell Carey Welch, Barbara Ann Borchers, Louis Kraus, Raymond Cripps and Burton Peterson. A delicious lunch was served the young guests, on a long table decorated with pink and green crepe paper and with a birthday cake adorned each end. Little Anna May was the recipient of many lovely gifts.

SECRETARY OF THE TREASURY

WILL MORRIS, in his first speech since taking office, forecast an eventual inflation of \$2,000,000,000 by announcing the treasury expects a 10 per cent increase in gold "profit" to a reduction of the national debt. "For the present this \$2,000,000,000 is not a loss," Mr. Morris said. "Most of it, by authority of congress, is segregated in the so-called 'gold fund'."

The present we propose to keep it there. But I call your attention to the fact that ultimately we expect this 'profit' to flow back into the stream of our other revenues and thereby reduce the national debt. The 'profit' in question accrued through a bookkeeping operation when the amount of gold fixed by law as the equivalent of \$1 was reduced from 23.22 grains to 18.77 grains. This meant that an ounce of gold was worth \$20.67 one day and the next it had a value of \$35. Just previously the treasury had taken title to all the monetary gold in the country, paying for it at the \$20.67 rate. On every ounce it made a "profit" of \$14.33, the difference between the purchase figure and \$35.

The secretary gave in figures his estimate of the cost of the New Deal.

Against an increase of \$6,000,000,000 in the national debt, he asserted, various assets should be deducted. He listed them as follows: An increase of \$1,000,000,000 in the treasury's cash balance since March 4, 1933.

The gold "profit" amounting to \$2,000,000,000.

An increase in the net assets of agencies wholly owned or financed by the government, amounting to \$1,000,000,000.

Morganthau did not carry the proposition through to its arithmetical conclusion, but the cost of the New Deal under his theory would amount to \$5,000,000,000.

GEN. HUGH S. JOHNSON, through a spokesman, has flatly denied the story of his dispute with Donald Richberg and Secretary of Labor Perkins over control of the NRA, but well-informed persons in Washington believe it is true. The President calmed the storm, but put off the decision. The NRA is being reorganized temporarily to serve until the next congress gives it permanent form, and for the present Johnson retains his supremacy.

To bring about greater efficiency and economy the codes of the NRA are being realigned. Industry is divided into 22 classes, the initial move toward cutting down the number of codes from 682 to about 250 and grouping them in ten grand divisions. Mergers are relied on to make the drastic reduction in the number of codes.

Codes with similar or related interests are grouped together. Allied businesses will thus receive identical treatment on common problems, officials said. The codes also are expected to be easier and cheaper to administer.

The 22 classifications in turn are based on four fundamental groups as follows: Producing industries—Food, textiles, leather and fur, ferrous metals, non-ferrous metals, non-metallic products, fuel, lumber and timber, chemicals and paints and drugs, paper, rubber.

Fabricating industries—Equipment, manufacturing, graphic arts, construction.

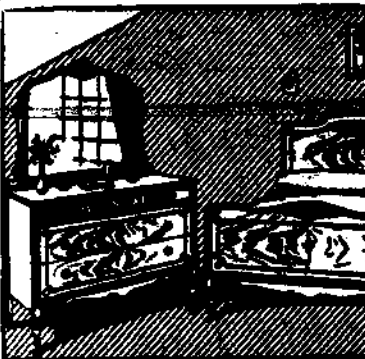

Service industries—Public utilities, transportation, communications, finance, amusements.

Distributing trades—Professions and services, wholesale and retail codes.

MUCH political benefit to the administration in the congressional campaign is expected to accrue from the reciprocal trade treaty with Cuba which has just been announced. It is the first of the projected trade agreements and little criticism of it is likely to be heard. The domestic sugar producers, who of course do not like the reduction in the duty on Cuban sugar, were prepared for the action by discussions of past months and accordingly had adjusted themselves to the situation. Furthermore, they are given a measure of protection by the quota of 1,002,000 short tons allotted to Cuba under the provisions of the Costigan-Jones sugar law.

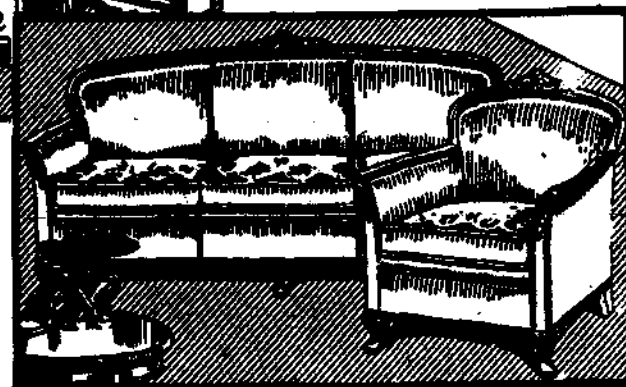

The domestic tobacco interests are consoled for reductions in duties by the limitation of imports of Cuban cigar leaf tobacco, cigars and cheroots of all kinds to 10 per cent of the total quantity of tobacco used in the United States during the previous year for the manufacture of cigars. The reductions in duties on fruits and vegetables imported from Cuba apply only to certain seasons and thus are not as objectionable to domestic producers as they might otherwise be.

FERGUSONISM in Texas was struck a probably fatal blow when James V. Alfred, the young attorney general of the state, won the Democratic nomination for governor in the Democratic run-off primary. By a majority of about 45,000 votes he defeated Tom F. Hunter, who was backed for the nomination by "Ma" Ferguson, the present governor, and her husband, James E. Ferguson, who formerly occupied the office until ousted by the legislature. The Fergusons have controlled Democratic politics in Texas for some twenty years, but their power probably is now coming to an end. Mr. Alfred is only thirty-five years old, but has come to the top swiftly. His nomination is equivalent to election.

UPTON SINCLAIR, the Socialist author who turned Democrat in order to run for the Democratic nomination for governor of California, succeeded in his purpose. In the primary he ran far ahead of George Creel, who was director of propaganda during the World war; James E. Wardell, conservative, and Milton K. Young, the Democratic candidate in 1928. Sinclair campaigned on a plan "to end poverty in California" which was set forth in a book he published. It calls for the state to take over and operate defunct factories and businesses and farms acquired because of tax delinquencies as a means of placing the unemployed. Sinclair's opponent in the election will be Frank F. Merriam, the Republican acting governor. Senator Wm. W. Johnson easily won re-election and is on the Republican, Democratic, Progressive and Commonwealth tickets; his only opponent is George R. Kirkpatrick, Socialist.

South Carolina Democrats will have to hold a runoff primary to decide between Olin L. Stanton, former governor and senator, and Olin D. Johnston, young attorney of Spartanburg, for the gubernatorial nomination. In a referendum held as a guide for the legislature the voters will decide.

Democrats of Mississippi also will hold a runoff primary to determine whether former Governor Theodore G. Bilbo or Senator Herbert D. Sikes shall represent the state in the senate.

SENATOR THOMAS D. SCHALL, of Minnesota, Republican, engaged in an acrimonious controversy with President Roosevelt concerning the former's assertion that the administration is seeking to curb the press and the blind senator used language that was so disrespectful to the Chief Executive that even Mr. Roosevelt's severest critics could not approve it. The President had asked that Mr. Schall send him the "facts" on which he based his recent assertion that plans are under consideration for a national press service to take the place of the Associated Press, the Hearst News Service and the United Press. This service, Mr. Schall said, would "have exclusive use of all government news and be in a position to give its service only to those newspapers loyal to the Roosevelt dictatorship."

"Once these facts are in my hands," said Mr. Roosevelt, "they will receive immediate attention in order to make impossible the things you may will be done, because I am just as much opposed to them as you are."

The senator immediately sent to the President and made public a 600 word letter in which he said in part: "You ask me for 'information' concerning what you yourself have done. Are you attempting to secure the facts so that you may be in a position to refute yourself?"

"Your telegram to me bears out the suggestion of the constant effort to mislead and fool the public. Your desire to make yourself appear before the people of the United States as a champion of a free press may be as insincere as your promises to the people when you accepted the Democratic nomination at Chicago with the statement that you were for their platform 100 per cent."

"To date you have not kept one of the promises you pledged the people at that time. Let me send you today again at your discretion, in keeping out of the press, the suggestion of a free press."

Democrats of Mississippi also will hold a runoff primary to determine whether former Governor Theodore G. Bilbo or Senator Herbert D. Sikes shall represent the state in the senate.

in language that he as a representative of the people could not let the affair rest, and reiterated his charges of press censorship in the government departments.

BRITISH people the world over rejoiced at the announcement that Prince George, fourth son of the king, was engaged to wed the lovely Princess Marina, niece of the late King Constantine of Greece. The announcement from the palace in London said: "It is with the greatest pleasure that the king and queen announce the betrothal of their dearly beloved son, Prince George to Princess Marina, daughter of Prince and Princess Nicolas of Greece, to which union the king has gladly given his consent."

An acquaintance that dated back five years to the young couple's first meeting in London ripened into love at the summer home of Prince Paul of Yugoslavia, where Prince George and Princess Marina have been visiting.

The prince, thirty-two years old and handsome, and his fiancée have many tastes in common. The prince is an accomplished pianist who plays classical and modern music with equal facility, while the princess has been schooled as an amateur musician. The princess also like dancing and shooting—two amusements of which Prince George as well is very fond.

The princess, who was educated in Athens, Paris, and London, speaks fluently French, English, Greek, Russian, and German. She inherits all the beauty and charm of her Russian mother and the pleasing personal qualities of her father.

Before long the prince and princess will be seen in the photographs of the royal couple.

Camp News

Camp Higgins

Labor day and Tuesday were work holidays for this camp. The men obtained Tuesday off by making up the lost time the previous week.

Three from this camp participated in the CCC basketball tournament at Houghton Heights last week. Capt. E. W. Todd was the second prize.

Col. R. M. Lyon and Capt. T. J. Betts, district commanders of the 5th and 4th forestry districts respectively, spoke before the conference of chaplains held at Camp Higgins Lake last week, and presided over by Maj. Beebe, chief of chaplains in the Sixth Corps Area.

A new first aid class instructed by Lieut. M. C. Igloe has an enrollment of 25.

Foreman Shelp suffered a broken arm one evening last week while practicing football at the camp. He was taken to Grayling for an examination.

The Century of Progress plans to give the CCC special recognition on October 5th and 6th.

Camp Pioneer

A large new flag has been received to replace the badly frayed old one, and now flies from the flagpole.

Only about a third of the enrollees were present over Labor Day, most of the company going home for the holiday.

Lieut. and Mrs. Tenney left on a three weeks' leave Wednesday, which they are spending in Illinois. Lieut. and Mrs. Katzman were in Chicago over the week end.

Officers of this camp attended the party held at Gaylord last week for the Fourth Forestry District.

Father Pauquette, chaplain in the Fifth Forestry District, spoke at the services in this camp last week at the invitation of Capt. E. W. Todd, chaplain for this district.

The baseball season for this camp seems to be over and football practice is the principal sport attraction.

Boys in barracks number three won the free trip to the show for its cleanliness record this month.

Robert Tibbets, who was taken recently to the Mercy Hospital, Grayling, for removal of appendix and who also contracted pneumonia, is recovering nicely.

Chaplain's Weekly News-Letter

Fourth Forestry District

We regret to learn that Capt. Betts, our District Commander, has been ordered to duty in the Philippines and will leave Michigan about Oct. 1st. Capt. and Mrs. Betts have entrusted themselves to the entire personnel of the district and we shall miss them very much. We are not going to say good-bye—just "au revoir" in the hope that some day, perhaps, we shall have them back with us again.

The District "Get-together" dinner dance held in Gaylord on Aug. 29 was, so many say, the best yet. Almost every camp was represented in the gay assemblage and much credit is due to Messdames Igloe and Shovar who perfected the arrangements, and to Mrs. Tenney who designed the clever table decorations.

The Chaplain will conduct a "Sing-Song" at Camp Higgins Lake on Thursday night. Ten of the latest popular song-hits have been mimeographed by Adviser Merritt and will be learned by the boys of 672. Carlyle said, "Give me the man who sings at his work." Such a man is a better workman. But first he must learn some songs. Mrs. Salmon, the wife of the pastor of the Methodist Church in Grayling and an accomplished musician, will preside at the piano.

Mr. Virgil Jackson, the artist attached to Camp Hartwick Pines, has sketched and painted some very interesting scenes depicting CCC life. They show much talent on his part and Mr. Saunders is forwarding them for exhibition in Washington.

Michigan is to have a CCC all its own. Two camps of 100 men each are being established on the

Primary Election Candidates

Primary election for the nomination of candidates for party candidates for the November election will be held next week Tuesday—September 11th. Two political parties have qualified for primary election—the Republican and Democratic.

In many instances there have been petitions filed for primary election in which there have been but one candidate for an office, and in such instance such petitioner of nomination has been certified to and thus his name does not appear on the ballot. For instance, in the case of the nomination of Merle F. Nellist, for that reason his name does not appear upon his party ticket—the Republican. And there is no cause for placing the name on the primary ballot. This practice is in general use throughout Michigan, and by so doing it saves considerable in printing costs of the ballots by cutting down on the size.

Following are the lists of candidates as they will appear on the two party ballots:

DELEGATES TO COUNTY CONVENTION

At the foot of the Republican ticket for Grayling will appear 15 spaces in which to write 15 names of persons to be elected as delegates to the county convention.

The Democratic ticket presents 8 spaces for delegates to the county convention. The township ballots for other townships each present spaces for writing the names of delegates from their respective townships. These range from two to three, according to the respective voting populations.

The Republican and Democratic county conventions will be held in Grayling, Thursday, September 20th. The Republican state convention will be held in Flint on Friday, September 28th and the Democratic state convention on the same day in Grand Rapids.

Phillip Zalsman Falls Dead.

Phillip G. Zalsman, superintendent of Grayling Fish Hatchery dropped dead on the grounds at the Hatchery at 3:30 o'clock this afternoon. Mr. Zalsman was 68 years old and had been in charge of the Hatchery from the time it was built in 1914.

Emerson Brown, of Saginaw, was the only person present at the time of his death. His mother, Mrs. P. L. Brown.

Vote for Charles Clarke for County Treasurer, capable, courteous, accommodating. —Adv.

Howard Schmidt returned Wednesday morning from Detroit, after being the guest of Miss Laura Sten for several days.

Miss Bunny Montour of Detroit spent the week end at the home of her parents, Mr. and Mrs. David Montour.

Capt. and Mrs. L. A. McKenny, who spent the summer at Lake Margrethe, returned to their home in Detroit, the last of the week.

Guests at Jerome cottage at Lake Margrethe over Labor day were, Misses Claudia Robertson and Ruth Fowler, of East Lansing, and Ben Jerome, of Pontiac.

Mr. and Mrs. John Brown and son, of Ann Arbor, and Roy Brown of Detroit, were week-end guests at the home of Mr. and Mrs. Andrew Brown.

Jay Hobart, who had been employed at the A. & P. Store for the past few months left Saturday to accept a position in the A. & P. warehouse in Grand Rapids.

Mrs. Helen Routier and son Ralph, who have been spending the summer at the Bauman cottage at Lake Margrethe, returned to their home in Detroit Sunday.

Mr. and Mrs. Roy Trudgen left Tuesday for an auto trip thru the east, visiting Niagara Falls, New York and other eastern cities. They will be away for about two weeks.

Bob Leckner, formerly with the C. C. C. Camp 874, who has been employed at the Grayling Laundry since the early part of the summer, left last Friday for his home in Jackson.

Doris, Lawrence, Roland and Theresa LaGrow, children of Eben LaGrow of Detroit, spent the week end visiting their grandmother Mrs. Alex LaGrow. They accompanied their uncle Wesley LaGrow, who came to visit over Labor day.

Tiger Bill's Circus and Wild West show will give two performances next Monday, Sept. 10th under canvas, one in the afternoon at 2:00 and in the evening at 8:00. The company just completed a five-day showing at Petoskey. Showgrounds will be located at Free Tourist park.

Mr. and Mrs. E. N. Darveau entertained a houseful of guests over the Labor day holidays, the party occupying the Burton cottage at Lake Margrethe during the time. The guests included Mr. and Mrs. W. C. Masters, Mr. and Mrs. Lloyd Masters and daughter Sally Ann and Mr. and Mrs. J. W. Forbes.

In spite of the fact that a former local citizen, but now of Detroit, has been flooding Grayling with Grosbeak pictures and literature, Fitzgerald-for-governor sentiment seems to be getting stronger every day. Detroit will get all the favors it is entitled to under Fitzgerald but isn't going to hog a lot of things that BELONG to the rest of the state.

Those who took in the canoe carnival and had to drive back to Grayling from Lincoln Lodge had a grand opportunity to try out the highways. There are a lot of people residing along the Ausable river and along the North Branch who have for years had to travel over rough and poorly kept up highways. The road from the Feldhauser school house to Kellogg and toward Luserna and from Kellogg to Lovells on the east side of the North Branch should be put into good traveling condition. Many summer residents who reside in these regions have paid taxes for many years, and they are entitled to better roads.

Elmer Blavin, caretaker for the H. B. Smith, Jr. lodge on the Ausable river requests a correction of the financial report on the canoe carnival, which showed that he had been paid \$2.00 for guiding and \$2.00 for the use of a truck for hauling boats. He states that Mr. Smith furnished the use of his trucks and gasoline and eight boats free of charge, and that he and H. B. Smith, Jr. the 3rd, acted as guides free of charge. We are sure that it was an oversight in the carnival committee report, and that this splendid co-operation and generous assistance by Mr. Smith Jr. and his family and assistants is genuinely appreciated by everyone.

The young couple who were married on January 18th of this year recently announced their marriage, which was a pleasant surprise to their friends. The young couple will reside in Gaylord, where Mr. Campbell is a teacher in one of the schools there.

Mr. and Mrs. Andrew Brown enjoyed a visit last week from the latter's brother and wife, Mr. and Mrs. Joe Lambert and daughter Helen of Columbiaville. Mrs. Arthur Cameron of Detroit was also a caller at the Brown home the latter part of the week.

Mrs. Hazel Chamberlain and Mr. Ben Darroch were united in marriage Tuesday evening, Aug. 28th at Gaylord. Rev. Allen Schreier officiated and the couple were attended by the bride's nieces Miss Viola Whitney and Peter Sierra. They have the best wishes of many friends.

Dull Headaches Gone Simple Remedy Does It

Headaches caused by constipation are gone after one dose of Adlerika. This cleans all poisons out of BOTH upper and lower bowels. Gives better sleep, ends nervousness.—Mac & Oidley, Druggists.

Primary Election

September 11, 1934

To the Voters of the 28th
District of Michigan

I am presenting myself as a Candidate for the office of State Senator for the 28th District. Am making my Campaign as a Republican. Campaign funds are strictly my own and I am under no financial obligation to any individual or organization.

I believe in Tax Reduction and in a careful handling of the State Funds. I thoroughly believe in Welfare organization for relief of the worthy poor and heartily endorse the work for crippled children.

All people employed by the State should make a study of the legislation which is coming up, especially that which affects the District from which they are sent.

To be a part of the governing body of a mighty commonwealth is an honor that carries a great responsibility. If such an honor falls to me I will bring the same honest effort to the job that I have used in my business for myself.

BEN N. MERCER

FOR
State Senator

**Ben Carpenter**

When the people of this part of the 28th senatorial district need any legislative help—help for our trout hatchery or other aid, the first person they think of is **BEN CARPENTER**. He has gone to bat for us many, many times. He doesn't make promises and forget them but he immediately gets busy. He spends his own time and money, if necessary, and all that he ever expects in return is our appreciation, and he doesn't even ask for that.

He has always seemed to be pleased to be of assistance to us. And this is the first time we have had a state senator in Lansing that we could rely on in every instance. We deeply appreciate his cooperation and fine loyalty to us.

BEST SENATOR OUR DISTRICT HAS HAD IN 20 YEARS SO LET'S KEEP HIM THERE. VOTE FOR HIM ON THE REPUBLICAN TICKET.

NOTE—This advertisement is presented by Grayling citizens who appreciate what Senator Carpenter has done for us.
